# EURO HÜBNER BENELUX B.V.

All our products are sustainable and designed for a long lifetime, resulting in optimal performances and ensuring our customers the highest Return- On-Investment possible. To maintain these performances, sometimes service and/or maintenance is required.

To complement our extended service package, we always ensure to have a large stock, which guarantees short delivery times due to our central location.

## Our service package includes:

- Providing service in our own workshop
- Offering service on local sites
- Large stock available
- Dedicated brands
- Own engineering skills
- Quick response time
- 24/7 available for emergency calls
- Shop-floor and in-house training
