

ABC-7L Obstruction Light

The ABC-7L Weatherproof Obstruction Light is specially designed for a wide variety of cranes used in harbours, metallurgies, mines, lighthouses and tall buildings. It consists of LM6 die cast aluminium base and high-intensive glass (or PMMA material), which houses the electronics and LED bulb, providing environmental protection and shockproof. The application in harbours shows its perfect waterproof and corrosion resistant performance.

Technical Information	
Operating Voltage	AC110V~AC240V/DC12V/DC24V/DC40V~DC60V (others optional)
Power Consumption	5W
Color	Red, Amber, Green, Blue, White(Optional)
International standard	ICAO(Annex 14) Low intensity ; FAA-L810
Intensity	>10cd
Vertical degree	≥10°
Horizontal divergence	360°
Work way	Steady burning or flash (optional)
Visible distance	> 3.5KM(AT=0.85)
Operating Temperature	-30°C ~ +70°C
Humidity	10% ~ 95% (no condensing)
IP Protection	IP65
Material	Base : Aluminum alloy Housing : PC
Weight	1.25Kg
